Your personal information, including results of low-dose CT scans and other CT imaging completed for the purposes of screening as part of the NLCSP, may be shared between your treating healthcare providers for the purposes of the NLCSP. For example, if you attend different radiology providers for your first low-dose CT scan and your second low-dose CT scan, the first radiology provider may disclose your low-dose CT images to the second radiology provider to facilitate comparison of the results of the two low-dose CT scans. By participating in the NLCSP, you consent to the use of your personal information by healthcare providers, specialists and radiologists, for the purposes of the program, and the disclosure and collection of your personal information between healthcare providers, specialists and radiologists for the purposes of the program.
