PATIENT INFORMATION SHEET

YOUR DOCTOR HAS REQUESTED THAT YOU HAVE A CARDIAC (HEART) MRI SCAN

DO I NEED TO MAKE AN APPOINTMENT?

Yes, an appointment is needed for Cardiac MRI scans.

Please call our reception staff to book in your examination:

- **Randwick, Silver St** - CT Coronary Angiogram / Calcium Score- 02 9197 8000
- **Alexandria** - Cardiac MRI Specialist Centre- 02 9197 8000
- **Liverpool** - CT Coronary Angiogram/ Calcium Score/ Cardiac MRI - 02 9197 8100

PREPARATION:

- Please bring all previous scans with you.
- **No caffeine products** (coffee, tea, cola, energy drinks etc) **or food** should be consumed **4 hours** prior to this test.
- Do not use Viagra or similar medications 36 hours prior.
- If you are a **diabetic** on any oral medication containing Metformin, or if you have **kidney disease**, please bring a copy of recent kidney function tests.
- If possible, **have someone accompany you.** You may feel dizzy or lightheaded after the scan and may not be able to drive for 1-3 hours.
- Drink 3 - 4 glasses of water prior to the study.
- No exercise on the morning of your scan.
- **Do not smoke 4 hours** prior to your scan. Nicotine can raise your heart rate.

HOW LONG DOES THIS TEST TAKE?

We require you to arrive at the practice 1 hour before your appointment time.
An MRI scan takes 45 minutes to 1 hour to complete
Expect to be in our practice for between 1 and 2.5 hours.

DURING THE STUDY:

- Your heart rate and blood pressure will be monitored during and after the test and an ECG performed if necessary.
- A small cannula will be placed in your arm to administer IV contrast (containing gadolinium), required for this examination. **Please let us know if you are allergic to gadolinium**
- You will be asked to hold your breath, and to lie still while we perform the study.

AFTER THE STUDY:

You will be discharged from the clinic as soon as we have confirmed your heart rate and blood pressure are stable. A full report will be sent to your referring doctor following processing and correlation of the study with the attending Cardiologist and Radiologist.
