

ACCESS BREAK GLASS STEP-BY-STEP INSTRUCTIONS

1. Click on the link <https://www.smipacs.com.au/Portal/app> and put in your username and password

2. On the home page, click on the Break Glass button circled in red to search for patient's results from a different referring practitioner.

The screenshot shows the Spectrum medical imaging portal. At the top, there is a logo for 'Spectrum medical imaging' and a navigation bar with links: 'Randwick', 'Alexandria', 'Eastlakes', 'Liverpool', 'Casula', and 'www.spectrumradiology.com.au'. Below the navigation bar is a search bar with the placeholder text 'Search patient name, id, accession'. To the right of the search bar is a magnifying glass icon and a button labeled 'Break Glass' with a padlock icon, which is circled in red. Below the search bar, there is a small text link: 'Searching for patients with compound names?'.

3. Please confirm that you acknowledge the confidentiality agreement

Access Break Glass

This feature allows you to view studies for which you were not granted automatic access.

I understand that I am about to access Protected Health Information (PHI) for a patient for whom I am not the primary care or referring physician on record. I attest that I am accessing this PHI only for purposes of treating the patient, and for no other purpose whatsoever. I understand I am required by law to keep this information confidential, and I agree to comply with all

Note: This feature allows you to view only studies currently available on the PACS. You do not have access to studies for this patient that are acquired at a later date.

Please allow a few minutes for the studies to become available.

☐ **I acknowledge and accept the terms of this confidentiality agreement.**

Cancel

4. Please enter the patient ID found on the film bag or the full patient name and date of birth. Please note the date of birth needs to start with the year.

After this is done, please click "Check Patient"
